Hi Amy,

We have not been asked about this for a new use yet, so I am not sure on the best path forward.

Hi Katrina,

Thank you for all your effort on the subsurface degradation. While Steve may have reached out to you on this already, he is out of the office so I am following up.

Typically I would just add the boilerplate language to a reg review DWA, but I haven't done so yet for a new use and the extra wrinkle is that this chemical has already completed reg review (ID was signed in 2017). Any suggestions on how to discuss this in our DWA?

Thanks,
Amy
